---

Copperhead Chemical Company is committed to the sustainable sourcing of palm oil and is a member of the Roundtable on Sustainable Palm Oil (RSPO).

As part of our commitment to the RSPO standards, we confirm that all palm-based ingredients used in the manufacture of the above-referenced products are currently sourced only from RSPO certified suppliers.

We continue to take additional steps as may be required to support the RSPO's goal of sustainable palm production and the use of those ingredients in our own products.

Sincerely,

Dawn Clarke  
Regulatory Affairs Manager
