

Regulatory Statement - Dioxins

SDM[®]27, Diluted Nitroglycerin (10% Nitroglycerin in Propylene Glycol)

Manufacturing Facility:

Copperhead Chemical Company Inc.
120 River Road, Tamaqua, PA 18252

Copperhead Chemical confirms that dioxins are not used in the manufacturing process for SDM[®]27, Diluted Nitroglycerin, nor are they intentionally added to the product formulation or known to be present in the intermediate nitroglycerin or the propylene glycol component.

As a result, Copperhead Chemical has no reason to expect that dioxins would be present in the above referenced SDM[®]27 product.

Sincerely,

Dawn Clarke
Regulatory Affairs Manager
